Key changes in approach	4
Risk assessment	5
1. Ensure good hygiene for everyone	7
Hand hygiene	7
Respiratory hygiene	8
Use of personal protective equipment	8
2. Maintain appropriate cleaning regimes, using standard products such as detergents.....	10
3. Keep occupied spaces well ventilated	11
4. Follow public health advice on testing, self-isolation and managing confirmed cases of COVID-19	12
When an individual develops COVID-19 symptoms or has a positive test	12
Cleaning a room or area after a person with symptoms of COVID-19, or confirmed COVID-19, has left the setting.....	14
Contaminated waste	16
Confirmatory PCR tests	19
Other considerations	21
Clinically extremely vulnerable (CEV) children	21
Contractors and visitors to the school	21
Admitting children into school.....	22
Attendance.....	22
Travel and quarantine.....	22
Remote education.....	24
Pupil wellbeing and support	25
School workforce	25
Educational visits	26
Wraparound provision and extra-curricular activity	28
Contingency planning / outbreak management plan	29

Key changes in approach

Mixing and bubbles

- At Step 4 we will no longer recommend that it is necessary to keep children in consistent groups ('bubbles').
- As well as enabling flexibility in curriculum delivery, this means that assemblies can resume, and you no longer need to make alternative arrangements to avoid mixing at lunch.

Tracing close contacts and isolation

- Settings only needed to do contact tracing up to and including 18 July. Close contacts will now be identified via NHS Test and Trace and education settings will no longer be expected to undertake contact tracing.
- As with positive cases in any other setting, NHS Test and Trace will work with the positive case and/or their parent to identify close contacts. Contacts from a school setting will only be traced by NHS Test and Trace where the positive case and/or their parent specifically identifies the individual as being a close contact. This is likely to be a small number of individuals who would be most at risk of contracting COVID-19 due to the nature of the close contact. You may be contacted in exceptional cases to help with identifying close contacts, as currently happens in managing other infectious diseases.
- Individuals are not required to self-isolate if they live in the same household as someone with COVID-19, or are a close contact of someone with COVID-19, and any of the following apply:
 - they are fully vaccinated
 - they are below the age of 18 years and 6 months
 - they have taken part in or are currently part of an approved COVID-19 vaccine trial
 - they are not able to get vaccinated for medical reasons

Instead, they will be contacted by NHS Test and Trace, informed they have been in close contact with a positive case and advised to take a PCR test. We would encourage all individuals to take a PCR test if advised to do so.

- Staff who do not need to isolate, and children and young people aged under 18 years 6 months who usually attend school, and have been identified as a close contact, should continue to attend school as normal. They do not need to wear a face covering within the school, but it is expected and recommended that these are worn when travelling on public or dedicated transport.
- 18-year-olds will be treated in the same way as children until 6 months after their 18th birthday, to allow them the opportunity to get fully vaccinated. At which point, they will be subject to the same rules as adults and so if they choose not to get vaccinated, they will need to self-isolate if identified as a close contact.
- Settings will continue to have a role in working with health protection teams in the case of a local outbreak. If there is an outbreak in a setting or if central government offers the area an enhanced response package, a director of public health might advise a setting to temporarily reintroduce some control measures.

Face coverings

- Face coverings are no longer be advised for pupils, staff and visitors either in classrooms or in communal areas
- The government has removed the requirement to wear face coverings in law but expects and recommends that they are worn in enclosed and crowded spaces where you may come into contact with people you don't normally meet. This includes public transport and dedicated transport to school or college.

- If you have a substantial increase in the number of positive cases in your school, a director of public health might advise you that face coverings should temporarily be worn in communal areas or classrooms (by pupils, staff and visitors, unless exempt). You should make sure your contingency plans cover this possibility.

Stepping measures up and down

- You should have outbreak management plans outlining how you would operate if there were an outbreak in your school or local area.
- Central government may offer local areas of particular concern an enhanced response package to help limit increases in transmission.
- If you have several confirmed cases within 14 days, you may have an outbreak.
- You should call the dedicated advice service who will escalate the issue to your local health protection team where necessary and advise if any additional action is required, such as implementing elements of your outbreak management plan. You can reach them by calling the DfE helpline on 0800 046 8687 and selecting option 1 for advice on the action to take in response to a positive case.
- The contingency framework describes the principles of managing local outbreaks of COVID-19 in education and childcare settings. Local authorities, directors of public health (DsPH) and PHE health protection teams (HPTs) can recommend measures described in the contingency framework in individual education and childcare settings – or a small cluster of settings – as part of their outbreak management responsibilities.

Control measures

You should:

1. Ensure good hygiene for everyone
2. Maintain appropriate cleaning regimes.
3. Keep occupied spaces well ventilated
4. Follow public health advice on testing, self-isolation and managing confirmed cases of COVID-19.

Risk assessment	
What are the hazards?	<ul style="list-style-type: none"> ▪ Potential for spread of COVID-19 between persons at school showing symptoms of coronavirus or those who are confirmed to have coronavirus.
Who might be harmed and how?	<ul style="list-style-type: none"> ▪ Staff, pupils, contractors, and visitors may catch COVID-19 via direct or indirect contact with carriers whilst on site. ▪ Potential for spread to other family members / persons.

Note: We have specifically removed any rating or scoring from this risk assessment. We do not feel this adds any significant benefit to this untypical situation. You may wish to prioritise any actions, but the basis of the approach to mitigating the risks from coronavirus is such that all measures should be carried out alongside each other rather than in sequence. The planning and assessment you undertake will form the basis of an overall plan to manage the risks specific to your setting which is the most important aspect of this process.

This risk assessment is based on Department for Education (DfE) School's coronavirus (COVID-19) operational guidance (applies from Step 4) as published on 6 July 2021.

DfE Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
1. Ensure good hygiene for everyone					
Hand hygiene					
<ul style="list-style-type: none"> ▪ Frequent and thorough hand cleaning should now be regular practice. ▪ You should continue to ensure that pupils clean their hands regularly. ▪ This can be done with soap and water or hand sanitiser. 	<ul style="list-style-type: none"> ▪ Consider how often pupils and staff will need to wash their hands and incorporate time for this in timetables or lesson plans. ▪ Are there enough hand washing or hand sanitiser ‘stations’ available so that all pupils and staff can clean their hands regularly? ▪ Ensure supervision of hand sanitiser use given the risks around ingestion. Skin friendly skin cleaning wipes can be used as an alternative. ▪ Build these routines into school culture, supported by behaviour expectations and helping ensure younger pupils and those with complex needs understand the need to follow them ▪ Sufficient cleaning supplies and hand soap to be maintained. ▪ All staff should be briefed weekly as a minimum on expected hygiene standards. ▪ All staff instructed to actively monitor to ensure all pupils and colleagues are adhering to principles of good hygiene. ▪ CLEAPSS current advice is that alcohol based hand gels should not be used in science labs and D&T rooms where practical activities take place. CLEAPSS guidance is understood to be under review. 	<ul style="list-style-type: none"> ▪ All staff and children to be briefed on continued measures for hand hygiene ▪ Staff and children will continue to wash their hands on entry to the building. ▪ Staff will continue to monitor pupils and colleagues to ensure they are adhering to hygiene measures in place. ▪ Children will continue to wash their hands at key times throughout the day e.g. play, lunch, after going to the toilet, after sneezing, coughing. ▪ Basins to be fitted to two classrooms that currently don’t have basins. ▪ Hand sanitiser, soap and wipes to continue to be available throughout the school. ▪ Support in place for younger pupils and those with needs. 	<p>HT/CTs</p> <p>All staff / adults</p> <p>All staff</p> <p>SBM</p> <p>All staff</p>	<p>1st September</p> <p>From 1st September</p> <p>From 1st September</p> <p>1st September</p> <p>1st September</p>	<p>Ongoing</p> <p>Ongoing</p> <p>Ongoing</p> <p>1st September</p> <p>1st September</p>

DfE Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<ul style="list-style-type: none"> ▪ Reference to PPE for higher risk situations means: <ul style="list-style-type: none"> ▪ Fluid-resistant surgical face masks (also known as Type IIR) ▪ Disposable gloves ▪ Disposable plastic aprons ▪ Eye protection (for example a face visor or goggles) ▪ The PPE that should be used in the following situations when caring for someone with symptoms of COVID-19 is: <ul style="list-style-type: none"> ▪ A face mask should be worn if close contact is necessary ▪ If contact is necessary, then gloves, an apron and a face mask should be worn ▪ Eye protection if a risk assessment determines that there is a risk of fluids entering the eye, for example, from coughing, spitting or vomiting 					
Face Coverings					
<ul style="list-style-type: none"> ▪ Face coverings are no longer advised for pupils, staff and visitors either in classrooms or in communal areas. The government has removed the requirement to wear face coverings in law but expects and recommends that they are worn in enclosed and crowded spaces where you may come into contact with people you don't normally meet. This includes public transport 	<ul style="list-style-type: none"> ▪ Review use of face coverings for enclosed and crowded spaces including where you would meet people you do not normally come into contact with. ▪ Recommend use on all school transport, public or dedicated. ▪ Consider face coverings for events such as open days and productions. 	<ul style="list-style-type: none"> ▪ Ensure parents and staff are aware of expectations for wearing face coverings. 	Office	1 st September	Ongoing

DfE Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<ul style="list-style-type: none"> and dedicated transport to school or college. <p>If you have a substantial increase in the number of positive cases in your school, a director of public health might advise you that face coverings should temporarily be worn in communal areas or classrooms (by pupils, staff and visitors, unless exempt). You should make sure your contingency plans cover this possibility.</p>					
2. Maintain appropriate cleaning regimes, using standard products such as detergents					
<ul style="list-style-type: none"> You should put in place and maintain an appropriate cleaning schedule. This should include regular cleaning of areas and equipment (for example, twice per day), with a particular focus on frequently touched surfaces. If any new cleaning, sanitisation, or other products are used then they should be assessed as with any other hazardous substance. 	<ul style="list-style-type: none"> Is there an enhanced cleaning regime in place and are all cleaners and staff aware of measures to take? Are high contact items such as door handles, including main entrance doors and commonly used doors cleaned more frequently? As a minimum, frequently touched surfaces should be wiped down twice a day, and one of these should be at the beginning or the end of the working day. Shared equipment should be regularly cleaned. Ensure that any hazardous substances that are used because of changes to cleaning or hygiene regimes have a COSHH risk assessment. 	<ul style="list-style-type: none"> Enhanced cleaning will continue to remain in place. Vervia will continue to come in to clean the school. The caretaker will continue to clean the toilets mid-morning. The caretaker will continue to clean high contact items such as door handles. Staff will also continue to wipe high contact items after these have been touched / used. Shared equipment will be cleaned after use by staff / pupils. 	All staff, Vervia, caretaker	1 st September	Ongoing

DfE Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
3. Keep occupied spaces well ventilated					
<ul style="list-style-type: none"> ▪ When your school is in operation, it is important to ensure it is well ventilated and that a comfortable teaching environment is maintained. ▪ You should identify any poorly ventilated spaces as part of your risk assessment and take steps to improve fresh air flow in these areas, giving particular consideration when holding events where visitors such as parents are on site, for example school plays. ▪ Mechanical ventilation is a system that uses a fan to draw fresh air, or extract air from a room. These should be adjusted to increase the ventilation rate wherever possible and checked to confirm that normal operation meets current guidance and that only fresh outside air is circulated. ▪ If possible, systems should be adjusted to full fresh air or, if this is not possible, then systems should be operated as normal as long as they are within a single room and supplemented by an outdoor air supply. ▪ Where mechanical ventilation systems exist, you should ensure that they are maintained in accordance with the manufacturers' recommendations. ▪ Opening external windows can improve natural ventilation, and in addition, opening internal doors can also assist 	<ul style="list-style-type: none"> ▪ If air handling systems that move air between rooms are used set them to use a fresh air supply and do not recirculate air. Standalone room units can operate as normal. ▪ Ensure any filters in ventilation or air conditioning systems are changed as per manufacturer instructions. Take additional care when changing filters. ▪ Airing rooms as frequently as you can, will help improve ventilation. This involves opening all doors and windows wide to maximise the ventilation in the room. It may be easier to do this when the room is unoccupied or between uses particularly in colder or adverse weather. ▪ Manage colder temperatures in rooms by opening high level not low level windows, opening window just enough to allow for ventilation, increasing heating and allowing for flexibility on uniform. ▪ Identify any poorly ventilated areas and consider if these areas should be restricted or if ventilation can be improved by increasing the flow of fresh air. ▪ Desk or ceiling fans can be used provided the area is well ventilated, but 	<ul style="list-style-type: none"> ▪ Windows and internal classroom doors will continue to be kept open throughout the day. ▪ Windows and internal doors will be kept open throughout the school building throughout the day. ▪ At play / lunch staff will leave doors / windows fully open to ensure rooms are aired. Fire doors will not be propped open. ▪ Temperatures will be managed by opening high level and not low-level windows where possible. ▪ School has been flexible with uniform and will continue to do so. ▪ School will ensure parents are sitting as far apart as possible during school events. ▪ School will consider inviting parents to attend events in groups where possible. 	All staff	1 st September	Ongoing

DfE Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<p>with creating a throughput of air. If necessary, external opening doors may also be used (if they are not fire doors and where safe to do so).</p> <ul style="list-style-type: none"> You should balance the need for increased ventilation while maintaining a comfortable temperature. 	<p>they should not be used in poorly ventilated areas.</p> <ul style="list-style-type: none"> With due regard to fire safety, some doors may be temporarily propped open to limit touching of door handles and aid ventilation. Fire doors including doors at the top and base of stairs, or to higher risk areas of fire starting e.g. kitchens / IT suites / plant rooms should not be propped open. Where events such as school plays or open days are planned consider the need to improve ventilation as part of your planning. 				
<p>4. Follow public health advice on testing, self-isolation and managing confirmed cases of COVID-19</p>					
<p>When an individual develops COVID-19 symptoms or has a positive test</p>					
<ul style="list-style-type: none"> Pupils, staff and other adults should follow public health advice on when to self-isolate and what to do. They should not come into school if they have symptoms, have had a positive test result or other reasons requiring them to stay at home due to the risk of them passing on COVID-19 (for example, they are required to quarantine). If anyone in your school develops COVID-19 symptoms, however mild, you should send them home and they should follow public health advice. If a pupil in a boarding school shows symptoms, they should usually self-isolate in their residential setting so that their usual support can continue, 	<ul style="list-style-type: none"> Is there a procedure for managing suspected or positive cases of coronavirus? Consider what information or measures may be needed at school gates and entrances to the building, as well as on the school website. How will visitors to site be managed? Is there an appropriate room identified that can be used to isolate someone with symptoms whilst they are awaiting collection? Have welfare staff and others been trained in measures to take? Have welfare staff and others been provided with PPE and training on its use and disposal? 	<ul style="list-style-type: none"> LFTs will continue to be available to staff and Government guidance on testing will be followed. Any staff who test positive will need to complete a PCR test and self-isolate as per Government guidelines. Any staff / pupils who develop Covid symptoms will be required to self-isolate until they have completed an LFT. If the LFT is positive they will be required to carry out a PCR test and self-isolate as per Government guidelines. 	All staff	Prior to the start of the Autumn term	Ongoing

DfE Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<p>others may then benefit from self-isolating in their family home.</p> <ul style="list-style-type: none"> ▪ For everyone with symptoms, they should avoid using public transport and, wherever possible, be collected by a member of their family or household. ▪ If a pupil is awaiting collection, they should be left in a room on their own if possible and safe to do so. A window should be opened for fresh air ventilation if possible. ▪ Appropriate PPE should also be used if close contact is necessary, further information on this can be found in the use of PPE in education, childcare and children’s social care settings guidance. ▪ Any rooms they use should be cleaned after they have left. ▪ The household (including any siblings) should follow the PHE stay at home guidance for households with possible or confirmed coronavirus (COVID-19) infection. 		<ul style="list-style-type: none"> ▪ As per Government guidance staff / pupils will not be required to self-isolate if they have come into contact with a positive case provided, they are under 18 and have been double vaccinated. They will however be required to carry out a PCR test and self-isolate as per Government guidelines. ▪ An area in school has been designated as an isolation area should anyone be awaiting collection after developing Covid symptoms. ▪ All staff will receive training on the use and disposal of PPE and measures to take for anyone who develops symptoms. ▪ Visitors to the school will continue to sanitise or wash hands on entry to the building. They will be required to follow the same hygiene regime as staff / pupils. ▪ Hygiene signs will continue to be displayed throughout school. ▪ A contingency plan is in place describing what the school would do if pupils or staff test positive for COVID-19, or how the school would operate if 	<p>HT</p> <p>Office Staff</p> <p>Office staff</p> <p>HT/SLT</p>	<p>1st September</p> <p>1st September</p> <p>1st September</p> <p>1st September</p>	<p>Ongoing</p> <p>Ongoing</p> <p>1st September</p> <p>1st September</p>

DfE Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
		<p>advised to reintroduce any measures to help break chains of transmission. The school will follow the Government thresholds for when to act which are as follows: For most education and childcare settings, whichever of these thresholds is reached first: • 5 children, pupils, students or staff, who are likely to have mixed closely, test positive for COVID-19 within a 10-day period; or • 10% of children, pupils, students or staff who are likely to have mixed closely test positive for COVID-19 within a 10-day period</p>			
Cleaning a room or area after a person with symptoms of COVID-19, or confirmed COVID-19, has left the setting					
<ul style="list-style-type: none"> ▪ The minimum PPE to be worn for cleaning an area after a person with symptoms of COVID-19, or confirmed COVID-19, has left the setting, is disposable gloves and an apron. Wash hands with soap and water for 20 	<ul style="list-style-type: none"> ▪ Is there a procedure in place for cleaning an area where a person with symptoms of COVID-19 or a confirmed case of COVID-19 has been? ▪ Is the appropriate PPE being used? ▪ Are appropriate cleaning products or methods being used? 	<ul style="list-style-type: none"> ▪ PPE will be worn when cleaning any area a person with symptoms of Covid or confirmed case has been. ▪ The area will be cleaned and disinfected. 	All welfare staff or staff involved in cleaning	1 st September	Ongoing

DfE Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<p>seconds after all PPE has been removed.</p> <ul style="list-style-type: none"> ▪ If a risk assessment of the setting indicates that a higher level of virus may be present then additional PPE to protect the cleaner’s eyes, mouth and nose may be necessary. ▪ Public areas where a symptomatic person has passed through and spent minimal time but which are not visibly contaminated with body fluids, such as corridors, can be cleaned thoroughly as normal. ▪ All surfaces that the symptomatic person has come into contact with should be cleaned and disinfected, including all potentially contaminated and frequently touched areas such as bathrooms, door handles, telephones, grab rails in corridors and stairwells. ▪ Use disposable cloths or paper roll and disposable mop heads, to clean all hard surfaces, floors, chairs, door handles and sanitary fittings – think one site, one wipe, in one direction. ▪ Use one of the options below: <ul style="list-style-type: none"> ▪ a combined detergent disinfectant solution at a dilution of 1,000 parts per million available chlorine (ppm av.cl.) or ▪ a household detergent followed by disinfection (1000 ppm av.cl.). <p>Follow manufacturer’s instructions</p>		<ul style="list-style-type: none"> ▪ Should the person have used the toilet prior to staff becoming aware of their symptoms, this toilet will be closed off to others until cleaned. ▪ The isolation area will be cleaned and disinfected once the person has been collected. 			

DfE Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<p>for dilution, application and contact times for all detergents and disinfectants or</p> <ul style="list-style-type: none"> ▪ if an alternative disinfectant is used within the organisation ensure that it is effective against enveloped viruses ▪ Avoid mixing cleaning products together as this can create toxic fumes. Avoid creating splashes and spray when cleaning. ▪ Any cloths and mop heads used must be disposed of and should be put into waste bags as contaminated waste ▪ When items cannot be cleaned using detergents or laundered, for example, upholstered furniture and mattresses, steam cleaning should be used. 					
Contaminated waste					
<ul style="list-style-type: none"> ▪ Contaminated or potentially contaminated waste must be dealt properly to reduce the risk of the spread of coronavirus. 	<ul style="list-style-type: none"> ▪ Personal waste from individuals with symptoms of COVID-19 and waste from cleaning of areas where they have been (including PPE, disposable cloths and used tissues) should be: <ul style="list-style-type: none"> ▪ Put in a plastic rubbish bag and tied when full ▪ The plastic bag should then be placed in a second bin bag and tied ▪ This should be put in a suitable and secure place and marked for storage until the individual's test results are known 	<ul style="list-style-type: none"> ▪ Procedures already in place for disposal will continue. ▪ Waste plus any PPE will be double bagged. ▪ This will then be stored in the secure area until test results are known. ▪ The bag will be clearly labelled. ▪ The bag will not be disposed of in a communal waste area until 72 hours have passed or the test is negative. 	Office staff and any staff involved in this process.	1 st September	Ongoing

DfE Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
	<ul style="list-style-type: none"> ▪ This waste should be stored safely and kept away from children. It should not be placed in communal waste areas until negative test results are known, or the waste has been stored for at least 72 hours. ▪ If the individual tests negative, this can be disposed of immediately with the normal waste. ▪ If COVID-19 is confirmed this waste should be stored for at least 72 hours before disposal with normal waste. 				
Asymptomatic testing					
<ul style="list-style-type: none"> ▪ Testing remains important in reducing the risk of transmission of infection within schools. That is why, whilst some measures are relaxed, others will remain, and if necessary, in response to the latest epidemiological data, we all need to be prepared to step measures up or down in future depending on local circumstances. ▪ Over the summer, staff and secondary pupils should continue to test regularly if they are attending settings that remain open, such as summer schools and out of school activities based in school settings. Schools will only provide tests for twice weekly asymptomatic testing for pupils and staff over the summer period if they are attending school settings. 	<ul style="list-style-type: none"> ▪ Plan for retaining a small on site testing centre in secondary schools only. ▪ Complete a risk assessment for the testing process relevant for your setting (templates are available). ▪ Communicate procedures for continued testing for the start of term and during September and continue to encourage take up of testing. 	<ul style="list-style-type: none"> ▪ LFTs will continue to be available to staff. ▪ Recording of tests will continue to take place. ▪ Procedures for positive tests will continue to be followed i.e. self-isolate as per Government guidelines and take a PCR test. 	Office staff	Prior to return to school	Ongoing

DfE Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<ul style="list-style-type: none"> ▪ However, testing will still be widely available over the summer and kits can be collected either from your local pharmacy or ordered online. ▪ As pupils will potentially mix with lots of other people during the summer holidays, all secondary school pupils should receive 2 on-site lateral flow device tests, 3 to 5 days apart, on their return in the autumn term. ▪ Settings may commence testing from 3 working days before the start of term and can stagger return of pupils across the first week to manage this. Pupils should then continue to test twice weekly at home until the end of September, when this will be reviewed. ▪ Staff should undertake twice weekly home tests whenever they are on site until the end of September, when this will also be reviewed. ▪ Secondary schools should also retain a small asymptomatic testing site (ATS) on-site until further notice so they can offer testing to pupils who are unable to test themselves at home. ▪ There is no need for primary age pupils (those in year 6 and below) to test over the summer period. They will be offered the 2 tests at an ATS at the beginning of the autumn term when they start at their secondary school as a new year 7. Schools may choose, 					

DfE Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<p>however, to start testing year 6 pupils earlier, including in summer schools, depending on their local circumstances.</p>					
Confirmatory PCR tests					
<ul style="list-style-type: none"> ▪ Staff and pupils with a positive LFD test result should self-isolate in line with the stay at home guidance. They will also need to get a free PCR test to check if they have COVID19. ▪ Whilst awaiting the PCR result, the individual should continue to self-isolate. If the PCR test is taken within 2 days of the positive lateral flow test, and is negative, it overrides the self-test LFD test and the pupil can return to school, as long as the individual does not have COVID-19 symptoms. ▪ Additional information on PCR test kits for schools and further education providers is available. 	<ul style="list-style-type: none"> ▪ Ensure staff, students and parents understand what to do in the event of a positive test, including arranging a confirmatory PCR test. ▪ Ensure that staff, students, and parents understand that symptomatic testing still needs to take place and that it can be booked online. 	<ul style="list-style-type: none"> ▪ Information on what to do in the event of a positive test to be shared with all stakeholders. ▪ Share information with all stakeholders on what to do if an adult or pupil develops symptoms. 	HT/LR	1 st September	1 st September and ongoing
Tracing close contacts and isolation					
<ul style="list-style-type: none"> ▪ Close contacts will now be identified via NHS Test and Trace and education settings will no longer be expected to undertake contact tracing. Contacts from a school setting will only be traced by NHS Test and Trace where the positive case and/or their parent specifically identifies the individual as being a close contact. You may be contacted in exceptional cases to help with identifying close contacts, as 	<ul style="list-style-type: none"> ▪ Communicate latest requirements on who is required to isolate and who is not to the school community. ▪ Encourage those contacted by NHS Test and Trace to take a PCR test where advised to do so. ▪ Advise that those who do not need to self-isolate who have been identified as a close contact can attend school as normal and do not need to wear a face covering in schools, but that it is expected that they should wear a face 	<ul style="list-style-type: none"> ▪ Ensure all parents and staff are aware of latest requirements. 	Office	1 st September	Ongoing

DfE Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<ul style="list-style-type: none"> ▪ currently happens in managing other infectious diseases. ▪ Individuals are not required to self-isolate if they live in the same household as someone with COVID-19, or are a close contact of someone with COVID-19, and any of the following apply: <ul style="list-style-type: none"> ▪ they are fully vaccinated ▪ they are below the age of 18 years and 6 months ▪ they have taken part in or are currently part of an approved COVID-19 vaccine trial ▪ they are not able to get vaccinated for medical reasons ▪ Instead, they will be contacted by NHS Test and Trace, informed they have been in close contact with a positive case and advised to take a PCR test. We would encourage all individuals to take a PCR test if advised to do so. ▪ Staff who do not need to isolate, and children and young people aged under 18 years 6 months who usually attend school, and have been identified as a close contact, should continue to attend school as normal. They do not need to wear a face covering within the school, but it is expected and recommended that these are worn when travelling on public or dedicated transport. 18-year-olds will be treated 	<ul style="list-style-type: none"> ▪ covering on public and school transport. ▪ Work with NHS Test and Trace and local health protection teams where requested. 				

DfE Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<p>in the same way as children until 6 months after their 18th birthday, to allow them the opportunity to get fully vaccinated. At which point, they will be subject to the same rules as adults and so if they choose not to get vaccinated, they will need to self-isolate if identified as a close contact.</p> <ul style="list-style-type: none"> Settings will continue to have a role in working with health protection teams in the case of a local outbreak. If there is an outbreak in a setting or if central government offers the area an enhanced response package, a director of public health might advise a setting to temporarily reintroduce some control measures. 					
Other considerations					
Clinically extremely vulnerable (CEV) children					
<ul style="list-style-type: none"> All CEV children and young people should attend their education setting unless they are <ul style="list-style-type: none"> one of the very small number of children and young people under paediatric or other specialist care who have been advised by their GP or clinician not to attend. Further information is available in the guidance on supporting pupils at school with medical conditions. 	<ul style="list-style-type: none"> Identify any pupils who may not be able attend school, where they have received specific medical advice. All other CEV pupils should attend school. Ensure there is provision for remote education for those unable to attend school. Monitor engagement with remote education. 	<ul style="list-style-type: none"> Office to identify any children who may not be able to attend school. In the event of a child not being able to attend school, remote education to be put in place and regular contact maintained with family. 	Office	1 st September	Ongoing
Contractors and visitors to the school					

DfE Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<ul style="list-style-type: none"> You should ensure that key contractors and visitors are aware of the school's control measures and ways of working. 	<ul style="list-style-type: none"> Inform contractors and visitors prior to arrival of any specific measures in place. Ensure staff hosting contractors and visitors are aware of their responsibilities. 	<ul style="list-style-type: none"> All contractors will be informed of Covid measures prior to visiting the site. 	Office	1 st September	Ongoing
Admitting children into school					
<ul style="list-style-type: none"> In most cases, parents and carers will agree that a pupil with symptoms should not attend the school, given the potential risk to others. If a parent or carer insists on a pupil attending your school, you can take the decision to refuse the pupil if, in your reasonable judgement, it is necessary to protect other pupils and staff from possible infection with COVID-19. Your decision would need to be carefully considered in light of all the circumstances and current public health advice. 	<ul style="list-style-type: none"> Communicate with parents on process that pupils with symptoms should not attend and that they may not be allowed to attend school to protect other persons. 	<ul style="list-style-type: none"> Covid measures to be communicated to all parents. 	Office	1 st September	Ongoing
Attendance					
<ul style="list-style-type: none"> School attendance is mandatory for all pupils of compulsory school age and it is priority to ensure that as many children as possible regularly attend school. 	<ul style="list-style-type: none"> Communicate with parents on requirements for attendance. Put in place measures to keep in contact with vulnerable children. 	<ul style="list-style-type: none"> Office to send out information to all parents re requirements for attendance. Where pupils do have to self-isolate, school will maintain regular contact via the school office and class teachers. 	Office Class teachers	1 st September	Ongoing
Travel and quarantine					
<ul style="list-style-type: none"> Where pupils travel from abroad to attend a boarding school, you will need 	<ul style="list-style-type: none"> Continue to communicate and engage with families. 	<ul style="list-style-type: none"> Government guidelines on travelling abroad and Covid 	Office	1 st September	Ongoing

<p>education which may result from any requirement to quarantine or isolate upon return.</p>					
Remote education					
<ul style="list-style-type: none"> ▪ Not all people with COVID-19 have symptoms. Where appropriate, you should support those who need to self-isolate because they have tested positive to work or learn from home if they are well enough to do so. Schools subject to the remote education temporary continuity direction are required to provide remote education to pupils covered by the direction where their attendance would be contrary to government guidance or legislation around COVID-19. ▪ You should maintain your capacity to deliver high quality remote education for next academic year, including for pupils who are abroad, and facing challenges to return due to COVID-19 travel restrictions, for the period they are abroad. ▪ Independent Schools (not including academies) are only covered by the remote education temporary continuity direction in relation to state-funded pupils in their schools. However, they are still expected to meet the Independent School Standards in full at all times. 	<ul style="list-style-type: none"> ▪ Have plans in place for high quality remote provision of education for those unable to attend school. ▪ Have plans in place and work with families to have appropriate provision for pupils with SEND. 	<ul style="list-style-type: none"> ▪ Where pupils are self-isolating, school will provide remote learning. ▪ Pupils will be invited to attend inputs or recordings thereof for core subjects. This will be the same for foundation subjects where practically possible. ▪ Pupils will be directed to online resources to supplement learning. ▪ Resources will be provided for pupils. ▪ Teachers will provide feedback on completed work via Teams. ▪ Teachers will maintain daily contact with pupils /parents via Teams / Class Dojo and safeguarding procedures will be followed 	All staff	1 st September	Ongoing

DfE Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<ul style="list-style-type: none"> The remote education provided should be equivalent in length to the core teaching pupils would receive in school. You should work collaboratively with families and put in place reasonable adjustments so that pupils with SEND can successfully access remote education. 					
Pupil wellbeing and support					
<ul style="list-style-type: none"> Some pupils may be experiencing a variety of emotions in response to the COVID-19 pandemic, such as anxiety, stress or low mood. You can access useful links and sources of support on promoting and supporting mental health and wellbeing in schools. 	<ul style="list-style-type: none"> Take a whole school, coordinated and evidence-informed approach to mental health and wellbeing. Consider the provision of pastoral and extra-curricular activities for pupil wellbeing and support where appropriate. Provide more focused pastoral support where issues are identified that individual pupils may need help with, including support resources available from DfE and partners. Consider support needs of groups that you are already aware need additional help (for example, children in need), and any groups you identify as newly vulnerable because of the pandemic. Communicate what help is available to families. 	<ul style="list-style-type: none"> School will continue to follow it's approach to mental health and wellbeing through the following: Jigsaw PSHE programme, ELSA support where necessary, Thrive Approach, Emotion Coaching, Mindfulness, plans in place for those children struggling with anxiety, stress or low mood. Maintaining contact with parents. Communicating support available to families and staff. 	All staff	1 st September	Ongoing
School workforce					
<ul style="list-style-type: none"> School leaders are best placed to determine the workforce required to meet the needs of their pupils. 	<ul style="list-style-type: none"> Share this risk assessment with staff and invite feedback. 	<ul style="list-style-type: none"> Risk assessment to be shared with all staff. <ul style="list-style-type: none"> ▪ Clinically extremely vulnerable (CEV) people advised, as a minimum, to follow the same guidance as everyone else. It is important that everyone adheres to this guidance but CEV people may wish to think particularly carefully about the additional precautions they can continue to take. ▪ Social distancing measures have now ended in the workplace and it is no longer necessary for the government to instruct people to work from home. Employers should be able to explain the measures they have in place to keep CEV staff safe at work. The Health and Safety Executive (HSE) has published guidance on protecting vulnerable workers, including advice for employers and employees on how to talk about reducing risks in the workplace. ▪ 4. We welcome your support in encouraging vaccine take up and enabling staff who are eligible for a vaccination to attend booked vaccine appointments where possible even during term time. 	<ul style="list-style-type: none"> ▪ Carry out individual risk assessments and discussions as required. 	<ul style="list-style-type: none"> ▪ Risk assessments to be carried out where necessary. ▪ Employee assistance line details to be shared with all staff. 			
Educational visits					
<ul style="list-style-type: none"> ▪ Given the likely gap in COVID-19 related cancellation insurance, if you are considering booking a new visit, whether domestic or international, you are advised to ensure that any new 	<ul style="list-style-type: none"> ▪ For any new bookings COVID-19 cancellation related insurance is advised. ▪ Ensure staff are aware of the latest information regarding trips including 	<ul style="list-style-type: none"> ▪ Office to arranged cancellation insurance for trips. ▪ Government guidance including that on risk assessments will be followed for all trips both prior to and during trips. 	Office All staff and pupils	Autumn term and ongoing	Ongoing

DfE Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<p>bookings have adequate financial protection in place.</p> <ul style="list-style-type: none"> ▪ We continue to recommend you do not go on any international visits before the start of the autumn term. From the start of the new school term you can go on international visits that have previously been deferred or postponed and organise new international visits for the future. ▪ You should be aware that the travel list (and broader international travel policy) is subject to change and green list countries may be moved into amber or red. The travel lists may change during a visit and you must comply with international travel legislation and should have contingency plans in place to account for these changes. ▪ You should speak to either your visit provider, commercial insurance company, or the Risk Protection Arrangement (RPA) to assess the protection available. Independent advice on insurance cover and options can be sought from the British Insurance Brokers' Association (BIBA) or Association of British Insurers (ABI). Any school holding ATOL or ABTA refund credit notes may use these credit notes to rebook educational or international visits. 	<p>the latest travel advice from the FCO on international travel.</p> <ul style="list-style-type: none"> ▪ Where trips are planned, COVID-19 must be considered as part of the risk assessment process including identifying any additional mitigation measures that may be needed. 				

DfE Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<ul style="list-style-type: none"> You should undertake full and thorough risk assessments in relation to all educational visits and ensure that any public health advice, such as hygiene and ventilation requirements, is included as part of that risk assessment. General guidance about educational visits is available and is supported by specialist advice from the Outdoor Education Advisory Panel (OEAP). 					
Wraparound provision and extra-curricular activity					
<ul style="list-style-type: none"> Out-of-school settings and wraparound childcare providers can offer provision to all children, without restriction on the reasons for which they may attend. Wraparound childcare and other organised activities for children may take place in groups of any number. At Step 4, we will no longer recommend that it is necessary to keep children in consistent groups ('bubbles'). Close contacts will be identified via NHS Test and Trace and out-of-school settings will not be expected to undertake contact tracing. We no longer advise that providers limit the attendance of parents and carers at sessions. You should continue to ensure that you have parents' and carers' most up-to date contact details in case of an emergency. All sports provision, including competition between settings, should 	<ul style="list-style-type: none"> Have cleaning arrangements been considered, particularly for frequently touched surfaces and any equipment that is shared. Ensure there is clear communication with any external providers on school measures and approach. Consider contingency arrangements and planning in place in case of any local public health protection advice. 	<ul style="list-style-type: none"> Enhanced cleaning measures will be in place. External providers will be informed of the expectations and all measures in place. 	SBM	Autumn Term and ongoing.	Ongoing

DfE Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
be planned and delivered in line with current guidance.					
Contingency planning / outbreak management plan					
<ul style="list-style-type: none"> ▪ You should have outbreak management plans outlining how you would operate if there were an outbreak in your school or local area. Given the detrimental impact that restrictions on education can have on children and young people, any measures in schools should only ever be considered as a last resort, kept to the minimum number of schools or groups possible, and for the shortest amount of time possible. ▪ The contingency framework describes the principles of managing local outbreaks of COVID-19 in education and childcare settings. Local authorities, directors of public health (DsPH) and PHE health protection teams (HPTs) can recommend measures described in the contingency framework in individual education and childcare settings – or a small cluster of settings – as part of their outbreak management responsibilities. 	<ul style="list-style-type: none"> ▪ Prepare an outbreak management plan. ▪ Review your plans against the DfE contingency framework. ▪ Have plans in place for high quality remote provision of education. ▪ Consider how bubbles, wearing of face coverings, and other social distancing measures could be reintroduced if they were required. ▪ Consider how testing may need to be increased if an onus is placed on schools to manage this. ▪ Ensure key staff understand the escalation process to get further public health advice via the DfE helpline. 	<ul style="list-style-type: none"> ▪ See separate document named Contingency Plan Autumn 2021 	HT/SLT	1 st September	1 st September
